River Consulting Recognized as Top 500 Design Firm

COLUMBUS, Ohio - River Consulting is ranked as one of the "Top 500 Design Firms" in the country by *Engineering News-Record (ENR)* for the second consecutive year. Published annually, the *ENR* Top 500 recognizes top-performing architectural and engineering firms.

River took the 440th spot in the *Engineering News-Record* April 20, 2009 issue. The ranking is based upon 2008 revenue, and is a seven percent increase from last year's 475.

"This places us in the top .5% of the more than 90,000 design firms nationwide," states Gregory DiFrank, PE, President, citing the number of design firms based upon the most recent Economic Census. DiFrank's 17 year tenure at River includes sponsorship of national multi-million dollar projects, team leadership, and the development of strategic business initiatives that contribute to company growth and sustainability.

River Consulting delivers multidiscipline engineering and project management solutions for major capital projects and facility and process expansions. The firm is responsive and flexible, providing nationally recognized, reliable solutions. River's experience spans 28 years and 57 countries with offices in Columbus, Ohio; New Orleans, La.; Pittsburgh, Pa.; Houston, Texas; and Salt Lake City, Utah. The firm is also recognized by ZweigWhite as the 14th fastest growing A/E firm in the U.S. and Canada. Visit riverconsulting.com for more information.
